# Care Instructions

---

**Atlantis™, ChiroPedic™ & Contour™** - Machine Wash Cold Separately, Hang to Dry  
All other Covers are Dry Clean Only

# Assembly Instructions (scissors required)

---

1. Remove the Mattress Core from the box
2. Very carefully, cut away the white containment bag, and shrink film.
3. Unroll / unfold mattress, and carefully cut away the vacuum sealed bag.
4. Mattress will begin to expand. For now, position the Mattress with the memory foam side down (on the foundation / platform, or level surface).
5. Remove cover from box and/or bag
6. Slide the bottom Cover piece over the Mattress Core
7. Now, with the bottom Cover surrounding the Mattress Core, flip the pair over, so that the memory foam is face up.
8. **For Single Chamber**
  - a. Unfold and position the top of the Mattress Cover over the Core, so that the zippers are lined up. Zip closed.
9. **For Dual Chamber**
  - a. Unfold and position the middle Cover piece over the Core, so that the zippers are lined up. Zip closed.
  - b. Next, place the Topper Insert over the middle Cover, so that the borders of the Cover surround the edge of the Topper. Tuck in the corners of the Topper.
  - c. Finally, position the top Cover piece over the Topper Insert, line up the zippers, and zip closed.

*Enjoy your new Coverest Custom Sleep System!*
